DEVELOPING YOUR GRADUATION PLAN

For a student seeking to graduate in 4 years…

Benchmark is 30-32 Credits Earned Per Year (30 x 4 = 120 Credits)

12 Credits Minimum to be Full-time but 15-16 suggested to earn 30 per year

12-18 Credits in Fall and Spring is the range (same amount) for tuition

Typically suggest a balance of Core, Major, and CWE's each semester

your first semester at Columbia!

From the College Advising Center

Every student has an academic advisor assigned to them based on their **major**.	Academic advisors guide students through their academic experience from **Orientation** to Graduation.	Students should meet with their advisor at least **once a semester**.
Students can make appointments with advisors through **MyColumbia**: **my.colum.edu**	The College Advising Center **website** is a great resource: **www.colum.edu/advising**	Full-time registration for Fall and Spring is between **12 and 18** credits.
On the course schedule, M means Monday, T means Tuesday... and **R means Thursday**.	Instead of dropping a class, students should try to **swap** a class.	Many scholarships require students to be registered **full-time**, or at least 12 credits.
Courses marked "WEB" and "no set time" are **asynchronous**, with no set meeting days/times.	The **Add period** ends on Monday of week 2 of the semester.	The **Drop period** ends on Monday on week 3 of the semester.

2024 DATES TO REMEMBER
