However, those responsibilities can usually be met without disclosing personally identifying information. Institutions must protect a victim’s confidentiality while also recognizing that, in some cases, an institution may need to disclose some information about a victim to a third party to provide necessary accommodations or protective measures.

Additional information concerning the confidentiality of reports to CSAs is available within the College’s Annual Crime Statistics & Fire Safety Report (http://students.colum.edu/safety/pdf/annual-crime-fire-report.pdf).
